I will be in Durango covering for Rusty until Mark arrives. I will go to Window Rock Sunday and will stop in Farmington at the ICC to touch base and pick up a large scale map of our sampling locations. I'll be there until at least Tuesday.

Folks, I just spoke to Region 10 about their donating a person to staff the JIC in Durango. It will be Mark McIntyre, which is great because he is a very experienced PIO (worked on Enbridge oil spill among other emergency responses). Mark's cell phone is: (cell) 206-369-7999 .

I talked to Mark and he will be arriving in Durango tomorrow late afternoon/early evening, and I asked him to immediately check in with Steve and Clancy. I gave Mark the phone/email contacts info for Steve, Clancy, Rusty and David Yogi. He will be touch with you all, as well as me and Kelly. Mark will be there all through next week. By then, Nahal will be back from her honeymoon and we can see whether we should send her.
